PREDICTIONS OF TROUBLES THAT WOULD FOLLOW AMERICAN ANNEXATION OF THE PHILIP-

PINES-SPANISH INDUSTRY ALSO

Paris, Nov. 11.-The Marquis de Comillas, the atrongest individual factor in Spain's financial and commercial world, who is now in this city, made a statement to-day to the correspondent of The Asclated Press of his personal views regarding the Hispano-American situation. He is here primarily the representative before the Spanish Peace Commission of La Production Nationala. clety organized to protect the interests of Spanish ation of Shipowners and Brokers, and he is na the institution which pays the interest or of the Credit Mercantile, an association of company of Spain, of the Philippines Tobacco Comny, whose fields are in the Island of Luzon; Compania Trasatlantica, of Barcelona, which earried the greater part of Spain's troops to Cuba and vice-president of the Northern Railroad of

Speaking of the present conditions between Spain and America the Marquis said:

I cannot believe any substantial portion of the American people will wish to see unnecessary bardship inflicted upon the vast number of Spanstroyed as the result of this war. It is not a question of the rich only, but of the small merants and manufacturers, their employes and laborers. In the hope of securing some better derstanding of these interests on the part of the those interests-I feel bold enough to speak as to my views and wishes regarding them as affecte

The Philippine question presents very different features from that of the West Indies. In the billionines Americans have no interests of con siderable importance. The Monroe Doctrine does not apply there. In sending Admiral Dowey's re had no reasonable aim except to divert the meagre naval reserve forces of Spain, a place of strategy which was highly efficacious in breaking nown the moral and material forces of Spain. "But now that the desired effect has been ob-

mined, I cannot comprehend what reason the Americans have to retain that land in their power Spain is suffering severely from her defeat, after the prolonged and disastrous insurrection in Cuba The Americans are absolute strangers to the Philippines and their population. They are unprovided with the immediate organization neces eary to rule that extensive and remote territory a certain degree of culture and some rudimentary the country is not yet capable of self-government The cession of sovereignty over the Philippine

those having business interests there, as well for of every nationality. Spain cannot transfer he Philippine sovereignty to the United States by mere clause in a peace trivity. The United States would be confronted with a war for the subjugation of eight million Malayans. This would mean the destruction of all property in the Philippines, Trade and commerce would be paralyzed there. ants and manufacturers of Spain would lose suspend and their employes lie idle. The markets for their products would have vanished.

eight militars, who have the distribution of the mother than the spain, and an immense majority of would not accept the decision of the mother try should she transfer her sovereignty their consent to a foreign nation.

NATIVE SYMPATHY WITH SPAIN.

The whole population of Mindanao and the archipelago of the Visayas, and the great body of with Spain and have defended her cause with s in past insurrections as well as in the presone, with the same enthusiasm as the Spans of the Pennissia could show. All these eleis-once the tie, which attach them to Spans broken-would rise, without doubt, as a sinman, in favor of independence. As to the attach the Tagalos, already risen in arms against a there can be ne doubt. Habits of fighting ady acquired, ambitions awakened by the asposs of the chiefs, was have trained the masses by for independence, and the hopes which the ed States Government itself has raised in a would all tend to make the Tagalos the bits of independence, and the hopes which the ed States Government itself has raised in a would all tend to make the Tagalos the bits of the chiefs of the United States. To make this I need only point to the relationship between a tried forces and those of the United States hown in the bloody conflict that took place benthem at Cavité he result of all this would be a war of subjustification of all this would be a war of subjustification and full the Philippines and their inhabitants in eventer proportion than that in Cuba has been, a which would give to one or several Powers antiarian arguments that would justify their events in for reasons similar to those that ed American intervention in Cuba. We who e such large personal and business interests in Philippines whe with dismay the possibility of tertible event. ent one, with the same onthusiasm as the Span-

e Philippines view with dismay the possibility of is terrible event.

All I have said would apply equally whether the lifted States annexed the Philippines or estab-ted a protectorate. The latter course would ther he absolutely insufficient to maintain order would have to assume such a character as ould be regarded and opposed by the natives as titud annexation.

ANOTHER BIG DAY IN STOCKS.

TOTAL TRANSACTIONS RISE HIGHER THAN ON THURSDAY.

Pesterday on the Stock Exchange. The total trans-actions in slocks were even larger than on Thursday, aggregating 791,321 shures; while in the bond department bonds of the aggregate par value of \$250,000 were traded in the day's transactions being second in volume only to those of Thursday, when the sales reserved the unprecedented total of more than \$10,000,000 par value. No news dethe sound-money forces on Tuesday, and the con-sequent public confidence in the stability and imrequest public confidence in the stability and improvement of values. There was again large investment huying, both local and for European account. Early in the day the general list advanced rapidly, despite extensive profit-taking selling. The radiating sales, however, were so heavy in the last hour as to cause partial recessions from the earlier fains made in the more active stocks, but as a rule the market closed higher than on Thursday.

BANK ROBBED OF A LARGE SUM.

ABOUT \$32,000 STOLEN FROM A MISSOURI SAVINGS

INSTITUTION. Macon, Mo., Nov. 11 - The Kirksville Savings Bank has been entered by burglars and robbed of 84.00 in Government bonds belonging to Samuel Beet the president, and something in the neighborhood of \$18.00 in gold and greenbacks. Between \$2.00 and \$2.00 in silver was left, evidently being too heavy and \$2.00 in the vault was overlooked by the robbers.

HENRY B. PLANT BETTER. Henry B. Plant, whose sudden illness caused inxiety to his relatives and friends on Thursday. had so far recovered yesterday that he was able to go to his home, at No. 596 Fifth-ave... and walk upstnirs to his room. He is the president of the Plant system of Southern railways and of the Plant Line of steamers. He is in his eightleth year. He had been travelling over the fines of tailroads in the South in his private car, and re-Burned to Jersey City on Thursday morning. The trip tired him and aggravated the kidney trouble which had caused considerable discomfort in re-cent years. As he was about to leave his private car and drive to his home in this city on Thurs-day, he had a fainting fit, from which, however, he 66n recovered. Dr. Durant, his physician, was

Summoned. By the ndvice of Dr. Durant, Mr. Plant remained in his private car. His son, Mor on F. Plant, and his daughter remained in the switch this all thursday night. Mr. Flant restered, and appeared to be as strong as usual yester-day. Early yesterday afternoon Mr. Plant left his car ad rode in a carriage to his home, in company the his son and daughter and Dr. Durant. Moreon to the said later in the afternoon that his side apparently had recovered from the exaction which had caused the fainting fit on hursday and was about as well as usual, but his cysician had advised him to remain at home and for a few days.

ANTI-TAMMANY ORGANIZATION-AN OPERATION ON HIS NOSE.

The movement for a new Democratic organization antagonistic to Tammany Hall is growing in strength. It was said yesterday that within a few days a call would be issued for the fermation of a committee of one hundred prominent Democrat of the city and the State. The men who are back of this undertaking are frank in saying that thou sands of Democrats are not satisfied with the pres ent leadership of the organization, and that the movement is for the purpose of finding a way to everthrow Croker's influence. The plans are now The plans are not maturing, and it is probable that the Manhattan Club will be the place for the organization of the new body. Beyond the decision to name an advisory committee of one hundred to investigate carefully the existing situation and report some plan for action, nothing definite is settled.

Richard Croker was still in the city yesterdny, but it was announced last night that he would go to Arizona to-day. The report that he is to sail for Europe is erroneous, and, as The Tribune West. He said yesterday afternoon that he w not cross the ocean until next spring. will go to London," he added, "and stay there while. I intend to leave the city to-morrow, however, for a week's rest. I am tired out, and I will go to some resort and take it easy. I will not let the newspapers know where I am going, for I do not want to be bothered with politics while I am gone.

It was learned yesterday that Mr. Croker underwent an operation on his nose on Wednesday. The operation was performed by Dr. Clarence C. Rice, of No. 123 East Nineteenth-st. Mr. Croker said that one of his nostrils interfered with his breathing and he had had it cauterized.

Mr. Croker was asked if he would say anything about Mr. Crimmins's criticism of the way he conducted the campaign. "No," said Mr. Croker, "I

additional comment he may make I don't care to discuss."

Mr. Croker would not say a word about the talk regarding the new Democratic organization. He only smiled when the subject was mentioned. At Tammany Hall the reports are ridiculed. It is conceded that there are men in that organization who are dissatisfied, but it is denied that there is any open rebellion contemplated. The fact is Mr. Croker dominates the Executive Committee of the organization so thoroughly that none of the malconients there dare oppose him.

It was learned vesterday that the Tammany Hall Executive Committee will hold a meeting as soon as Mr. Croker returns from his vacation. This meeting will be interesting, in that each leader will be called upon to give his views as to the election. Those leaders whose districts fell short will be called upon to explain. It is not believed that there will be any turning down of leaders just new, for in the present state of the organization that would be damerous. The Tammany men are all talking hitterly against Hill, and there is no doubt that Croker, to holster himself up, has said to the various leaders that they did well, but that Hill knifed the ticket and there was no hope after that.

HALLBOYS STRIKE IN CROKER'S CLUB. There is open rebellion against Tammany Hall right in the boss's own home. Four hallboys at the Democratic Club went on a strike yesterday They did so because they were ordered to work an nour longer each day without any additional pay After an investigation by the Hall Boys' Protective Association all the hallboys in the club, ten in number, were called out. When it came to a "showdown" only four of the ten consented to give up their jobs. Yesterday a number of new boys were employed, and the machinery of the club moved on sortene's.

PITY FOR EX-JUSTICE VAN WYCK.

REPUBLICANS AND DEMOCRATS SORRY FOR HIM BECAUSE OF HIS SACRIFICE.

Many Republicans as well as Democrats are brimming over with compassion and pity for ex-Judge Augustus Van Wyck these days, not so much be cause he failed to win the Governorship, but be cause the returns show that he might have been re-elected a Justice of the Supreme Court in Kings County if he had been allowed to have his own way. He had declared that it was the greatest ambitton of his life to be renominated and re-elected evil hour the searching eye of the dictator of Demo-cratic fortunes in New-York feil upon him and singled him out as a victim. Justice Van Wyck was obliged to resign the office which was so con-genial to him and place himself upon the altar of political sacrifice. It is because of Richard Croker's interference with his fondest hopes and most cher-ished plans that Aujustus Van Wyck is about to return to the private practice of law.

WESTCHESTER'S ELECTION MUDDLE,

THE YONKERS CASE NOT SETTLED - MAYOR FISKE OF MOUNT VERNON TO HAVE A RE-COUNT OF THE VOTE FOR REGISTER.

Inspectors in the Sixth Ward of Yonkers in the the statement that twelve more votes were cast in the ward than there were registered voters. The poll list tallies exactly with the number of votes County Clerk show that twelve more votes were Yunkers inspectors say that a mistake was made f the Sixth Ward are correct in every particular is the record appears in the City Clerk's office There is still a possibility of the vote of the ward eing thrown out, as it is understood that a numher of voters are ready to make affidavit that they did not east their ballots. The Democratic Assemplurality, and the correctness of the vote of the ward means much to him. As it is, soldiers who

George H. Mairs, the Republican candidate for Senator, may be chosen anyway. The district runs over into The Bronx. Mairs earried Westhester County by 834. The majority of Graney, in The Bronx, is said to be under that number. The soldler vote will also probably settle the Schator-

soldier vote will also probably settle the Schatorship.
Justice J. O. Dykman, of the Supreme Court, yesterday issued a mandamus, which will bring an army of election inspectors to the courthouse in White Plains next Monday and Tuesday, together with their boxes of ballots, to be counted by the court. As there are ful election districts in the county, the action of the Justice will require the attendance of 361 inspectors at the court and the canvassing of about thirty-two thousand ballots.

The order of the Court also prohibits the Board of Supervisors from meeting as a Hoard of County Canvassers to canvass the vote of the late election until the question at issue is decided by the Court. The order was issued on the application of Mayor Elwin W. Fiske of Mount Vernon, Democratic candidate for Register of Westchester County. On the face of the returns he was defeated by the present Republican incumbent. Thomas R. Hodge, who was a candidate for reelection. Mr. Fiske in his affidavit claimed that many legal votes cast for him were rejected by the election inspectors, and that in his belief he was really elected.

A second mandamus was issued to pass upon the effect of the Soldiers and Sallors' act on the meeting of the Board of County Canvassers.

BUSHNELL FAVORS EXPANSION.

Governor Bushnell of Ohio is in the city. He ame here to attend the dinner given for General Miles. He also got here in time to join in the refolding over Colonel Roosevelt's election. He says that he was not surprised at the result of the elections all over the country, and interprets the Republican successes as a vote of confidence in the all," be said, "and, moreover, I was pleased with the Republican vote in Ohio. It came right up to | der my expectations. What this election really meant in its great demonstration is that the people inlorse the Administration's conduct of the war, and the policy of the President since the war, and the policy of the President since the war as out-lined by the deliberations in Parls. It is not a mere repudiation of the silver issue, but it is a ratifica-tion of the new Issues. As for expansion, I am heartly in favor of it, and I think that we should keep all the territory that has come to us through our war with Spain. I think a great majority of the people in the country are in favor of the same policy."

SAYS HE GOT NO CHANCE TO VOTE. One of the Assistant District-Attorneys has received a letter from a private in the 12th Regi ment, in camp at Lexington, Ky., complaining that he did not get an opportunity to vote in the election. The name of the soldier was not given yesterday, but his letter was said to be in part as

I write you a few lines to let you know what a farce this election is among the soldiers. Out of my company. G. 12th Regiment, only thirty-three men out of eighty voted, as were never notified of any election until 12 o'clock. The polls were declared open at that hour, and were kept open until 3 o'clock. I had just come off a four of twenty-four hours guard duty, and was entitled to sleep until 3 o'clock. When I lay down there was no sign of election, and when I got up it was all over. I am not the only one who was fooled out of a vote, for all the men who were detailed away from the company were also fooled out of theirs.

CROKER TO LEAVE TOWN TO-DAY. COLUMBIA'S OLD SITE SOLD.

BOUGHT BY DR. J. S. WHITE, HEADMAS-TER OF BERKELEY SCHOOL.

THE SCHOOL PROPERTY PROBABLY GIVEN IN PART PAYMENT-AUTHORITIES OF THE IN-

Seth Lew, president of Columbia University, that the block of land bounded by Madison-ave. ave., Forty-ninth-st. and Fiftieth-st., formerly upped by the old Columbia College, and still owned by Columbia University, has been sold to White, the headmaster of Berkeley The terms of the sale have not been made public. It was said on good authority yesterday, however, that the transaction was in part a trade, the present property of the Berkeley School, at No. 20 West Ferty-fourth-st, having been given in part exchange. In this case' as the Berkeley School property, the dimensions of which are 100x100.05 feet, is valued at \$400,000, while the Columbia prop erty is valued at \$1,000,000 at least, either a large cash consideration accompanies the school prop-The sale of the Columbia block is one of the most

Important transactions in city realty for several months. It has been on the market since the removal of Columbia University to its new bu on Morningside Heights left it open to further disposal, and there has been much curiosity man fested as to the probable purchaser. The fact that the property is in the heart of New-York's residence district, and that the nature of the building which will occupy it in future will have a direceffect on the value of the neighboring lots is alon enough to make the sale of such a large piece of land of great interest to holders of city residence property as well as to real estate brokers. In addition to this, however, three whole blocks in close proximity to the Columbia property are now on the market at the same time, and the sale is interesting as affecting their price and future. Two of them are owned by the Roman Catholic Orphan Asylum, and the third by the Woman's Hospita in the State of New-York. nearly \$5,000,000. The sale of the Columbia property marks the cutting of the first slice in a tract of land comprising four of the most valuable blocks

uptown. While no indication of the price paid for the property could be obtained from authoritative sources last night, it is well known that the block has been retained by the Columbia trustees so long after the removal of the University only a high enough price has not been offered. President Seth Low admitted unqualifiedly when seen by a Tribune reporter last night that the sale had been made, and said that D. White was the purchaser, but he would say nothing as to the terms of sale, referring all inquiries to John McLean Nash, the treasurer of the University. Mr. Nash, however, positively refused to see any one at his house. No. 11 West Nineteenth-st, or to is house. No. II wester any inquiries, here's nothing to say," was the message here's nothing to say."

John B. Pine, the secretary of the Board of Frustiers of Columbia, when seen at his home, No. 102 East Thirtieth st. said when asked if the prop-rty had been soid. Yes, I believe it is a fact that

It has been sold.

'Who bought it.' was asked.

'Now really, you had better see Mr. Nash about that.' he replied. 'He can give you all the facts.'

It is understood that the broker who negotiated the sale was H. H. Cammana. He would not talk about the sale. Whether the Berkeley School authorities intend to occupy the old Columbia buildings or whether they will clear the site and buildings or whether they will clear the site and buildings or whether they will clear the site and buildings or whether they will clear the site and buildings or whether they will clear the site and buildings or whether they will clear the site and buildings or dathouses on it as an investment is not yet certain. It is a cherished dream of the school authorities, however, to extend its scope and occupy the buildings when these have been altered to some extent, and it is probable that they will do this.

DEWEY CABLES ROOSEVELT.

SENDS MESSAGE FROM MANILA-THE COLO-NEL IN TOWN TO-DAY.

Oyster Bay, Long Island, Nov. 11.-Governor-elec-Roosevelt rode into the village to-day on horseback. While he was here he was consulted with regard to the barbeque and jollification the citizens of Oyster Bay propose giving him. It was found that his engagements would hardly permit of it taking place next week, as planned, and in a general way date was fixed for the week after next. A definite date will be set later. After returning home the Colonel and three of his children started out for a walk and visited friends and relatives. The party reached home about 5:20 o'clock, where Colonel Roosevelt found a telegram awaiting him. soon as he read it he ran upstairs and doffed his roughing suit for evening dress and with a grip started for Oyster Bay again. He went to New-York to attend the Miles dinner.

He caught the 6.08 train for Manhattan. He said A close inspection of the returns of the election he would remain over night in Manhattan, and on formal fo night or on Sunday morning. Monday and Tuesday he said he would be busy with his Boston lectures, and on Wednesday he would go to Boston Beyond the trip to Boston he said he had no plans.

The flood of telegrams and letters abated some one which came half-way around the globe. It was from Admiral Dewey and read:

Manila-Roosevelt: Heartlest and most sincer congratulations. DEWEY.

THREE ARRIVALS AT THE NAVY YARD.

THE TEXAS, THE NEWARK AND THE SUPPLY ADDED TO THE LIST OF SHIPS AT THE STATION.

The battle-ship Texas, commanded by Captain Charles D. Sigsbee, came up from her anchorage off Tompkinsville a little before noon yesterday, and was berthed at the Cob Dock wall of the Navy Yard. The vessel received a hearty welcome from river craft on her way to the yard. She will from river craft on her way to the yard. She win be placed in Drydock No. 3 as soon as the big floating dock is taken out, which will be early next week, and repairs will be made to the sheathing over her starboard propeller shaft, which was in-jured by coming in contact with some floating logs while she was going up the Delaware River on her way to take part in the Philadelphia Peace Indiae.

way to take part in the Philadelphia Peace
Jubilee. The Newark, which arrived early in the morning,
went up to the yard late in the afternoon, and will
probably be there some time and have an overhauling. She is commanded by Commander Caslar F. Goodrich.

Just what will be done with the storeship Supply,
which was the other addition to the yard fleet yesterday, is not yet known. There are a few slight
repairs needed on the vessel, and it is expected
that she will be kept in the service until after the
peace negotiations are ended.

A number of officers at the yard have attended
the meetings of the Society of Naval Architects
and Marine Engineers, which have been held in
the last two days, and will go to the Bethlehem
Iron Works with the society to-day.

PHI KAPPA SIGMA DINNER.

TWENTY FIFTH ANNIVERSARY OF THE FRATER-NITY CELEBRATED AT THE ST. DENIS HOTEL.

Kappa Fraternity was celebrated by the members of the society at a dinner given last night at the St. Denis Hotel. Two of the founders of the order were present. They were Professor William P. Brooks, of Amherst, and J. F. Barrett, of New-York. Messages of regret were received from the Rev. Henry Hague, of Worcester, Mass., and F. G. Rev. Henry Hague, of Worcester, Mass., and F. G. Campbell, of Vermont, also founders of the order. About forty-five members were present. Several informal addresses were made. Among those present were S. C. Thompson, Dr. F. W. Loughran, Dr. R. F. MacFarlane, of Long Island City. Matthew J. Elwas and Dr. John A. Cutter.

This afternoon at 2 o clock the formal opening of the ninth general convention of the fraternity will take place. The business before the convention will be the reports of the council, of delegates of the chapter, and of the representatives of the clubs, and the election of six members of the council to serve for two years.

CORRECT VOTE OF THE BOROLGHS. The complete returns of the vote last Tuesday

of all the boroughs, carefully corrected and tahulated at the Bureau of Elections, Police Head-quarters, Manhattan, give the following vote for Governor and Lieutenant-Governor: GOVERNOR.

| Van | Hoose | Wyck | 197,880 211,689 86,191 LIEUTENANT GOVERNOR. Totals --- 298,325 206,849

THE NEXT CONGRESS.

ESTIMATED REPUBLIC.... MAJORITY. Washington, Nov. 11.—"We have received confirmatory information from every district in the United States," said Chairman Babcock of the Republican Congressional Committee to-day. "This shows that the Republicans will certainly have 13 majority and perhaps more than that over the combined opposition in the next House of Representatives. Any changes which subsequent recreasing our majority. The straight-out Republican strength surely will be 185."

Representative Cochrane, from the X1Xth New-York District, was at Republican headquarters to day. On the face of returns so far received he has been defeated by fourteen votes, but he says that when the votes of the soldiers of his district now at Camp Meade are at hand they will more than overcome this majority and show that he is elected. The Republicans are counting on this as a strong probability, in which case they will have 15 ma ority in the House.

Word has been received at headquarters that in the IId California and the XIIth Texas districts. which were considered doubtful, the Democratic nominees have been elected. Chairman Babcock has received information indicating that the Recan nominees in the Xth Kentucky, the IXth North Carolina and the 1Xth Virginia districts will contest the election of their Democratic opponents, and that George H. Higgins, the Republican nominee in the XXVIth Pennsylvania, will demand a recount of the vote, which apparently gave the election to A. Gaston, the Democratic candidate.

THE VICTORY IN KANSAS. LARGELY DUE TO THE PRESIDENT'S POPULARITY.

SAYS ASSISTANT SECRETARY RYAN. Washington, Nov. 11 (Special).-Assistant Secre-

tary Ryan, of the Inter'or Department, returned this morning from Kansas, where he went to take part in the campaign. Mr. Ryan was enthusiasti over the success of the Republican party in Kansas and eisewhere. Among other things he said Did you ever see such a grand victory? It is ex-ceptional for an off year, and teaches us many les-sons, the most prominent of which is the absolute confidence the people have in the President. While

sons, the most prominent of which is the absolute conlidence the people have in the President. While I knew of the great popularity of the Executive, never fully appreciated it. In the West wherever visited I heard nothing but praise for the President and satisfaction with his Administration. For over thirty years I have been in polities, and I assure you I have never seen such a thorough respect to a President. He is in the hearts of the people. Kansas just swept the platter. The Republican piled up handsome majorflies and gave the Populists a prod they will never forget. Three thing contributed to the success of the party in the State First, the prosperity of the farmers had a whole some influence. They seemed more contented that for years. Then the popularity of the Fresident and the confidence in his Administration helped materially; and last, the splendid organization of the party in the State proved a strong factor. This was due more to the line executive shility of Mortor Albaugh, chairman of the Republican State Committee Although a young man, he demonstrate exceptional aiddity as an organizer and put the party on a better basis than it had ever been before "Yes, the West is for expansion," continued the Yes, the West is for expansion," continu

believe in insisting upon the flag flying wherever she has been unfuried and maintaining it." "Did you hear much free-silver talk in the West?" he was asked.
"Very little. It is my opinion, as well as the opinion of those with whom I talked in the West, that the silver issue has been "scotched." It will hardly be resurrected by the Democrats, and never, in my opinion, form a cardinal plank in the platform of any political party. It is a dead issue."

BANKERS FOR A GOLD STANDARD.

FOR SOUND MONEY.

ers' Convention adjourned at noon to-day. The place for the next meeting will be selected by the Executive Committee. The following reso lution was unanimously adopted:

Resolved, That we reaffirm our belief in the necessity for the maintenance of the existing gold standard of value, and for a speedy change in our system of currency legislation, to the end that the country may have a single uniform, stable and redeemable currency, sufficient in amount to meet the necessities of the whole country, and free from the attacks consequent upon the doubt as to the ability of the Country upon the doubt as to the ability of the Government to maintain its credit.

WAITING FOR THE SOLDIER VOTE.

BELFORD REPUBLICAN, MAY BE ELECTED IN MARGINS IN NASSAU. Although the present figures show that

send Scudder (Dem.) was elected in the 1st Congress District, which includes Queens, the Nassau feated Republican candidate, Joseph Belford, are hoping that the soldier vote will change the result. Mr. Scudder has an apparent plurality of about 250 votes and there are more than that number of soldiers away from the district. The lith Separate Company, of Flushing, which is at Camu Meade, has a vote in the district. Then there are about fifty young men, residents of Jamaica and Newtown, absent at different camps.

It will take the official count to decide the new county officers of Nassau County, James P. Niemann (Dem.) is apparently elected District-Attorney, but his plurality has now got down as low as 7. Assemblyman Wallace is apparently beaten by 33 plurality for County Judze by his Democratic opponent, Robert Seabury, while the plurality of Patterson (Rep.), candidate for County Clerk, is given as 12. The official canvass for Nassau will begin on November 21, while it will be six weeks, it is said, before the Congress vote will be counted.

REPUBLICANS CARRIED POUGHKEEPSIE.

ISAAC W. SHERRILL, CANDIDATE FOR MAYOR, AND RIVE ALDERMEN ELECTED.

Poughkeepsle, N. Y., Nov. II.-At the charter election in this city on Tuesday the Republicans elected Isaac W. Sherrill Mayor by a large majority and five of the seven Aldermen.

BETS ABOUT ALL PAID UP.

SOME TAMMANY OFFICEHOLDERS ANGRY AT CROKER, WHOM THEY BLAME FOR THEIR LOSINGS.

Bell & Co. and the other Stock Exchange firms prominent in placing bets on the recent election yesterday settled practically the last of the bets in which they were interested, thus completing the task begun by them on Thursday. Hell & Co. have turned over to successful bettors about \$550,000. The total amount held by stakeholders in the financial district was about \$1,000,000, all of which, except for a few unimportant bets, has now been distributed. Many of the Roosevelt betters on receiving their winnings promptly bought stocks with the money, Colonel Roosevelt's victory in this way operating as a distinct factor in the bull speculation. The most successful of the betters on Roose

tion. The most successful of the bettors on Roose-velt is said to have been John W. Gates, president of the Illinois Steel Company, whose winnings are variously estimated at from \$9,000 to 89,000. Some of the other large gainers by Tuesday's result are Jacob Fleld, who is said to have won \$25,000, George Wheelock, \$25,000; Isidor Wormser, \$10,000, and W. B. Oliver, jr., \$10,000.

The only election bets that remained unpaid uptown yesterday were those where the winner had not called for the money. Now that election is over there are a number of Tammany officeholders who are angry enough to leave the organization if they knew where to go. A great many of these officeholders, getting a straight and Infailible "tip" from headquarters, began to bet on Van Wyck as soon as the betting was even. They placed all the money they could rake and scrape together, and blindly trusted Richard Croker when he said they could not lose. A week before election many of these officeholders became anxious. They realized that they could not afford to lose as much as they had wagered, so they sent up to the Democratic Club for the latest and scralchtest information. The word that they got was that it was all right, that Mr. Croker was betting on the result himself, and that Van Wyck ould not lose. On this advice none of the bettors hedged, and the awakening was maddening. These men are now in sore manetal straights, and they blame Croker for their condition.

CANDIDATES' EXPENSES. The candidates in the recent election continued

with the County Clerk yesterday. Robles, the Democratic candidate for the Assembly in the NXVth District, spent \$215, of which \$280 was for printing and stamps, and \$15 for cab hire. It cost Congressman George B. McClellan \$1.941 to be re-elected to Convress from the XIIth Dis-trict. The larger part of this total was for printing and distributing campaign literature.

Dennis J. Ryan, Tammany, spent 318 in a vain

THE COMING OF THE HORSE.

CHANCES OF A SLIGHT INCREASE IN THE PLANS FOR THE ANNUAL EXHIBITION PROMISE A SUCCESSFUL SHOW.

Preparations for the annual exhibition of the Na-tional Horse Snow Association, which opens on Monday evening at Madison Square Garden, are well advanced toward completion, and the prom show are confident that this year's exhibition will equal in point of interest any that has preceded it. As in previous years, no pains have been spared to secure attractions that will please the public, and which are nominally incidental to the show itself, but which are really co-ordinate with it. will no doubt prove as fascinating as usual. In other words, there is every reason to believe that the modthe Horse Show with their approval, and make it the real opening of the social season in New-York,

last year, and, while some of the old exhibitors are not represented this year, new ones have entered animals that will easily fill the places left vacant The classes for hunters are especially well filled this year, many exhibitors from Maryland and West Virginia having entered horses, while the saddle horse classes will prove fully as interesting as last tered in such an abundance that fewer of them

the showy tandems will be seen in larger numbers than heretofore. The class of trotters and roadsters entered is regarded as quite as high as usual, but it will be smaller in numbers than it has been in it will be smaller in numbers than it has been in some years.

As usual the Police Department will send their mounted policemen to exhibit singly and in company their mounts, and the Street Cleaning Department will show some equine points about the effective system introduced by the late Colonel Warring.

While the auction sale of boxes did not realize as much as last year, it is said at the box office of the Madison Square Garden that the sale of seats has teen unusually lively and gives reason to suppose that this year's attendance will equal last year's excellent record.

OBITUARY.

HENRY CROSSMAN BARNET.

Henry Crossman Barnet, a well-known young business man of this city, died from heart disease on Thursday night at the Knickerbocker Athletic Club, which was his home. Mr. Barnet, who was department of the large flour exporting house of Holt & Co., No. 95 Broad-st., and was a member of Holf & Co., No. 3s. Broad-St., and was a member of the Produce Exchange. He had been with Holf & Co. for five or six years, and had previously been in the New-York office of Swift & Co., of Chicago, and in the employ of the well-known West Indian Depot at 11.35 a. in house of Leaveraft & Co., where he received his early business training. A week or ten days ago he was attacked by acute tonsilitis, but was supposed to be well on the road to recovery when neart weakness set in, resulting in his unexpected heart weakness set in, resulting in his unexpected death. Mr. Barnet was exceedingly popular among his business associates, and was regarded by his employers and the grain trade generally as a young man of unusual promise. He was unmarried, and of his immediate family only a brother and a sixer survive him. He was a member of the House Committee of the Knickerbocker Athletic Club, and a member of the Atlantic Yacht, Calumet, City, Democratic, Lotos and New-York Athletic clubs, The Iuneral will be held in the Church of the Ascension, Fifth-ave, and Teuth-st., at 2 o'clock this afternoon.

EN-MINISTER DE BILLE. Copenhagen, Nov. 11 .- M. de Bille, formerly Dansh Minister at Washington, is dead.

Carl Steen Andersen de Bille was Danish Minister at Washington from January, 1882, to March, 1885, and was prominent in diplomatic, club and social life. It was a period of inactivity on pub questions between this country and Denmark, a M. de Bille's term was not marked by any notal service. He comes of one of the first families Denmark, which since the fourteenth century h furnished generals, admirals, men of State diplomats who are conspicuous in Danish histor

JOHN JAY DU BOIS.
